- b) Thyroid
- c) Kidneys
- d) Bile ducts

Submit your answer to
kelsiethomas@msdu.org

We will resume our
sonographer spotlight
in November with
MSDU Board Member
Jeff Gunderson!

A word from our President, Sandy Mozey

Hello to All of you from All of Us @ MSDU!!

Fall has arrived with the end of Twins baseball, the end of lake & pool fun, and the end of summer. Fall does bring the start of school, apple picking, crisp nights and jacket weather, and FOOTBALL. Fall also brings a special time for MSDU... Planning season!! This is the time of year we take your suggestions, plan our tracks, line up our speakers and get ready for MSDU 2019.

We need all of you to mark your calendars for the 39th Annual MSDU Spring Seminar!! April 5th - 7th, 2019 at the Minneapolis Marriott Northwest in Brooklyn Park, MN. We offer great speakers from all over the country, sharing their knowledge and expertise in one of our four specific tracks: OB/GYN, Cardiac, Vascular and General. A few of our speakers will be speaking between tracks so more of our attendees can benefit from shared knowledge. The day and a half meeting offers up to 12 CME credits, lunch, snacks throughout the day & product giveaways for all registered attendees. This is also the perfect time to enjoy networking with other sonographers in the surrounding area. A Saturday evening reception of cocktails, food, door prizes, karaoke and a DJ to sing & dance the night away. So please mark your calendars, spread the word and stay tuned for more details to follow.

We look forward to seeing you at MSDU 2019!!!

Sincerely, Sandy Mozey, MSDU President
