- d) Bile ducts

Submit your answer to  
kelsiethomas@msdu.org

#### Sonographer Snapshot

*Meet Jeff Gunderson, RTR, RDMS, AB, OB/GYN, RVT*

*Jeff has been in the Imaging world since 1985! 33 years! He started out in X-ray and then transitioned to ultrasound school. He received his bachelor's in health arts in 1955 and went on to complete his masters in Higher Education Administration in 2009. Jeff is currently the Program Director at St. Cloud Technical and Community College.*

*"I enjoy doing my clinic visits as it gets me back to the clinic and hospital facilities. I have met so many wonderful sonographers throughout the mid-west through my job. I enjoy working in education. I enjoy watching the students grow and be successful. Many of our clinic site preceptors are our former graduates! That is rewarding to me!"*

*Jeff has been an active member of the MSDU board for 10 years, served on SDMS committees and is now doing some lectures at educator conferences.*

*As for Jeff's personal life, he has been married for 37 years to his high school sweetheart. They have 3 children; 2 boys, 1 girl and 8 grandchildren. He enjoys boating with the family, fishing, hunting, golfing, most sports and anything outdoors!*

**Happy Holidays  
from all of us at  
MSDU!**

#### Spring seminar brochure is up! [Click here](#) to check it out!
